

Better Late Than Never

Erasmus+ Youth Exchange

17-24.08.2021

Erasmus+

Main information

Title: Better Late Than Never

Founds: Erasmus+ KA1

Dates: 17-24.08.2021

Countries: Estonia, Poland, Romania, Czech Republic

Host organization: MTÜ Kunda Sotsiaal- ja Tervisekeskus

Amount of all participants: 44 youth + 4 leaders (11 + 1 each country)

Amount of staff: 4 (1EE, 1PL, 1RO, 1CZ)

Age of participants: 90% of participants should be at the age of 17-22. Others can be 16-29.

Leaders: no age limit

Main goal of the project: Creating art about proverbs.

Objectives of the project

- + **Introduce** Erasmus + opportunities to young people.
- + **To be aware** of the possibilities of YouthPass, learn to better understand and analyze the eight key competences for lifelong learning.
- + **Show** young people cultural, religious, linguistic and social diversity through non-formal learning methods.
- + **Strengthen** cohesion between generations, increase social cohesion through the collection, analysis and visualization of proverbs.
- + **Learn** to create connections and supplement knowledge of one's own culture and folklore, feel one's linguistic mentality and the harmonious diversity of other cultures through the method of creative visualization.
- + **Gain** experience from conducting an ethnographic project - from data collection, surveys and rewriting to material analysis and archiving.
- + **Expanding and strengthening** the cooperation network at local, national and international level.
- + **Change** the perception of folk wisdom as something outdated and boring, increase the use of proverbs.
- + **Create** at least 8 new visual arts that output the content of proverbs using different visualization techniques.

Participants

+ It would be nice to have $\frac{1}{3}$ of the participants in this project for the first time in Erasmus+ youth exchange. Also please include participants with fewer opportunities. Gender balance is also recommended.

+ It is very important that at least some participants from your group (or a few people) know how to draw and make art, because this project is highly connected with making art.

+ Permission of parents for participants under 18.

+ We do not require a good level of English, but if some of the participants feel insecure, then we recommend to use Anki or Duolingo app for easier learning.

+ Participants are required to follow the project rules. By participating in the project, you give permission to use images of you, to put on our social media. It is strictly NOT ALLOWED to drink alcohol and do drugs during the project. Anyone who doesn't follow this rule will be sent home with his/her own money.

Accommodation

The participants will stay in rooms by three (same gender, different nationality). The rooms are equipped with hairdryer, air conditioner, electric kettle, soap, towels and wi-fi. All rooms are on the second floor and they are accessible by the elevator as well as the staircase. The conference room in which most of the activities will take place is on the same floor. After the project program ends for the day all the participants can use this conference room as a hang out zone, where they can relax, watch movies, talk to each other or play some games. Smoking inside the hotel is prohibited but you can smoke in the smoking area in front of the hotel.

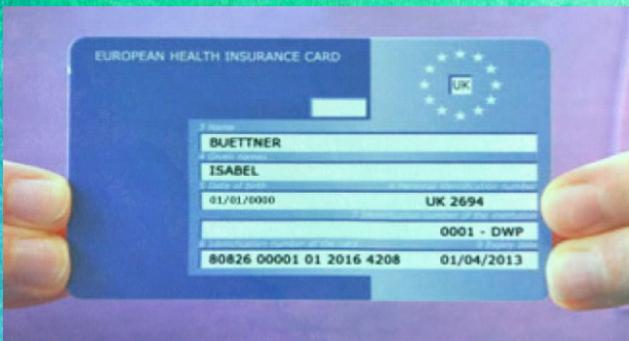

Participants can have breakfast (buffet), lunch and dinner at the hotel restaurant. Every day there will also be a 30 minutes long coffee break. Please let us know if there are any vegetarians, vegans or people allergic to some food products. We will take it into consideration.

Link to the hotel: <https://www.radissonhotels.com/en-us/hotels/park-inn-tallinn>

Travel

In order to make the reimbursement it is crucial to have the original of the ticket or the invoice. Please also keep all boarding cards. Our organization pays travel costs of the participants. Every participant has to have an European Health Insurance Card. It is very important to have a valid EHIC because it is not possible to take part in our project without it. Also we strongly recommend that participants be vaccinated against COVID 19, this will ensure both greater safety for the group and reduce the cost of the COVID test.

Schedule

The schedule includes the division of participants' duties due to the country. The country will be responsible for the given part of the schedule. Remember to involve each participant to conduct workshops or give them some tasks to prepare. All workshops should include working in international groups, not just presentations and lectures. There will be cultural night for each country but instead of making the culture night of your own country, you have to make the country you are paired with.

Each country needs to prepare their homework before coming to the project. The objective is to get six pictures of proverbs done by young or elderly people. Also we would like you to make a small survey what are the most popular proverbs in your community. All this can be done in a form of your choice.

Timetable:
