V4 IN ACTION

MOBILITY ROADSHOW

1-11 July 2024

ABOUT THE PROJECT

Nearly 20 years have passed since the **biggest enlargement of the European Union**. In 2004, all the **V4 countries joined** the EU on 1st of May 2004. This means that a generation has grown up without any memories outside of the EU. In all V4 countries, the EU membership was positively perceived and welcomed. But what is the situation now, in these instable, unpredictable days? **How nowadays youth think about the EU and V4?**

With this project we offer a **state-of-the-art curriculum** on new media awareness, an **innovative learning mobility activity** with significant local impacts, and an **extensive online campaign**. With the products and activities we provide, young people in V4 countries can better understand and accept each other and become free from influencing attempts in the online spaces.

MOBILITY ROADSHOW

Instead of planning the mobility programme to be held in one selected country, we design it as a roadshow across all V4 countries with two-day stops in each.

Start: 30 June,
Budapest,
Hungary

End: 12 July,
Lodz, Poland

- 
- ① Budapest 
 - ② Nitra 
 - ③ Brno 
 - ④ Łódź 

*non-formal
education*

*outdoor
activities*

*social media
challenges*

MINI CONFERENCES

Through the mini conferences, you can show your knowledge and give a lecture, organise an activity, and you will have an opportunity to meet the local communities!

In each country, a mini conference will be held with speakers and interactive workshops.

Your contribution is welcomed! Give a talk or lead an activity during one or more conferences.

You can submit your abstract or activity idea here!

PARTICIPANTS

This mobility will include 16 **young participants** in total, 4 from each country, with the following profile:

- Aged between 18-30 years
- Legal citizen of Czechia, Hungary, Poland or Slovakia
- Motivated to learn about community building, critical thinking, digital campaigning and EU citizenship
- Ready to contribute to the programme and the social media challenges
- Flexible, open-minded, and mobile for travelling
- Has basic digital skills and an Instagram or TikTok profile

Is this your EU in 2024? Make your voice heard!
