Short intro

MAIN GOAL OF THE PROJECT:

to create local youth leaders as initiators of positive changes in local communities of Visegrad countries

The project is a direct response to the diagnosed problems related to the competence gap of young people on the labor market. The labor market is constantly transforming and the development of technology poses new challenges.

TRANSFERABLE SOFT SKILLS WILL BE IMPORTANT determining the effectiveness of action in various professions that change over the course of life. Soft skills (as flexibility, team work, communication, critical thinking) are more important than other skills (digital, hard, green) for most SMEs according to labour market reports.

WE PLAN TO STRENGTHEN YOUTH SECTOR IN V4 COUNTRIES THROUGH:

- developing networking among youth and organisations of the Visegrad Group,
- establishing Young Leaders Club of V4 for young leaders and youth workers of the Visegrad Group,
- empowering young people and stimulating their active role in local communities and in solving common problems,
- building friendship and integration among young people in the V4 countries,
- providing innovative learning tools for youth workers

MAIN ACTIONS OF THE PROJECT DIRECTLY AIMED AT YOUNG PEOPLE:

- **LEADERSHIP YOUTH CAMP IN POLAND** - international youth workshops in the field of developing leadership competences
02/09/2024–06/09/2024

The direct result of the camp will be creation of a project „Young Leaders Club of V4” by young participants

- **YOUTH ACTIVITIES WITHIN THE “YOUNG LEADERS CLUB OF V4”**
02/09/2024 - 31/01/2025

Youth project created during the Camp will be developed and implemented after the Camp in local environments of partner organisations (offline) and online by young people of 4 involved countries
